

Gulfood Manufacturing

only dedicated food processing trade event hosting more than 1,100 international machinery, equipment, product and service suppliers from 52 Countries

The Gulfood Manufacturing was inaugurated on 11th Nov, 2014 by her Excellency Sheikha Lubna Bint Khalid Al Qasimi, Minister of International Cooperation and Development, in the presence of His Excellency Helal Saeed Almarri, Director General, Department of Tourism & Commerce Marketing (DTCM) and CEO, Dubai World Trade Centre (DWTC), His Excellency Abdul Rahman Saif Al Ghurair, Chairman, Dubai Chamber of Commerce and Industry, and various other leading UAE business chiefs and VVIPs.

Gulfood Manufacturing 2014 was one the largest dedicated food processing trade event in the Middle East, Africa and

South East Asia (MEASA) and featured a compelling three-day programme of sector-specific exhibitions, ministerial summits and market-shaping conferences covering the spectrum of the global food production industry.

The exhibition was split in to 3 segments - Food Logistics Middle East, ProPack Middle East and Ingredients Middle East. The First Gulfood Manufacturing drew more than 1,100 international machinery, equipment, and product and service suppliers from 52 countries to DWTC.

Open for business - H.E Sheikha Lubna bint Khalid Al Qasimi formally opened the inaugural Gulfood Manufacturing

Gulfood Manufacturing was conceived to enable large multinational food producers to explore MEASA expansion avenues and empower regional food manufacturers. It provided a one-stop-shop to source the latest ingredients, processing machinery, packaging equipment and logistics, warehousing and cold chain solutions to replace and upgrade production line equipment. The exhibition enabled enable faster, cheaper and cost-effective production of safer and more reliable products.

There 24 official country pavilions at the exhibition. Gulfood Manufacturing also rolled out the global food industry's largest-ever Hosted Buyer Programme, a mammoth initiative designed to highlight the region's rapidly expanding F&B manufacturing and production infrastructure to influential buyers from countries including Saudi Arabia, Kenya, Egypt, Turkey, South Africa, Algeria, Tunisia, Morocco, Libya, Iran and Nigeria amongst others.

Gulfood Manufacturing unveils 'food & beverage industrial investment summit'

Gulfood Manufacturing also hosted the two-day Food & Beverage Industrial Investment Summit, a strategic investment event bringing together overseas investors and multinational corporations to explore economic, market and manufacturing opportunities across MEASA, the show's catchment footprint.

The Summit provided the attendees and delegates a better understanding of the financial, legal, logistics, cold chain and technology benefits of locating or

expanding existing operations in the region.

A high-calibre cadre of influential food and beverage industry specialists discussed regarding regional food security, ensuring sustainable food supplies, the future of the halal food industry, the role of Free Zones in facilitating food manufacturing growth and various cutting-edge innovations relating to food processing, packaging and machinery best practices at next week's Food & Beverage Industrial Investment Summit.

The Summit was a strategic investment event bringing together overseas investors and multinational corporations exploring economic, market and manufacturing opportunities in the show's

catchment footprint of the Middle East, Africa and South Asia (MEASA).

Delivered over two days, the Summit encompassed insightful keynote presentations, multi-speaker discussions and case studies to provide attendees with a better understanding of the financial, legal, logistics, cold chain and technology benefits of locating or expanding existing operations in the region.

"The rapid growth in the region's food processing industry reflects a market where food demand far outstrips supply. The issues driving the increase in regional food production, rapid population growth, food security concerns, economic diversification and booming foodservice and hospitality sectors – are not going away," said Trixie LohMirmand, Senior Vice President, Exhibitions & Events Management, DWTC, the event organiser.

"With a superb speaker line-up of global experts, regional authorities and manufacturers with global insights, the Food & Beverage Industrial Investment Summit was a tailored platform for food manufacturing companies of all shapes and sizes to tap into a deep well of resources and discover investment strategies that will further develop their production capabilities and regional operating knowledge." ♦
